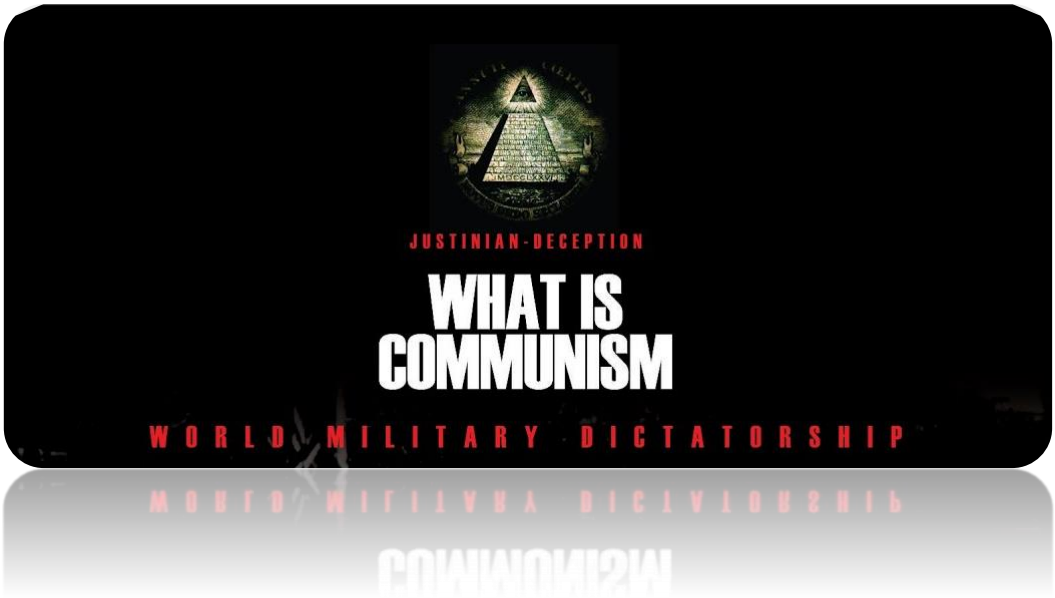
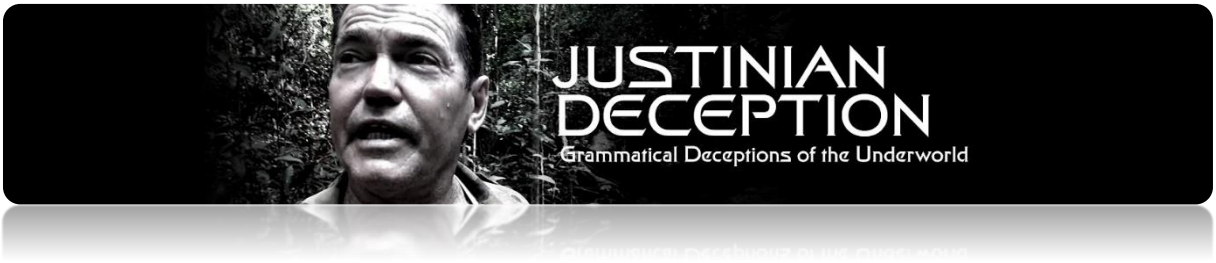
WHAT-IS-COMMUNISM





Note by Romley Stewart in the description box below the video

Many people don't really know that communism is really the control system for companies, corporations, colonies, plantations etc. Its a slave system, corporate control. A colony is like a foreign occupation corporation controlling its citizens while occupying a foreign land.

Some thoughts.

I think this system is all over the world. America was probably taken way before Australia (Terra Australis) was ever even found by the British Admiralty. I notice that on US police audit videos, police always seem to ask: "Are you a US Citizen" well there it is, the foreign British Admiralty system, they didn't ask if you were an American Civilian or even an American Citizen, they said US or UNITED STATES citizen, the UNITED STATES is not the

United States of America, its a private incorporation run by the City of London. (Vatican Roman Administration) From what I understand, the American Civil Flag has its strips running vertical, the US flag is the US Military flag, not the American civil flag, these could be the signs that people are ignoring? the British Admiralty or City of London has been administrating the English people for 2000 years, I think the City of London, (Vatican Roman Administration) started around 47-AD so this Vatican Roman admin has been doing this for a long time. The original America was probably a group of people hoping to escape the European Catholic Roman rule! but I have a feeling that it may have taken America back. Every time a president gets in and tries to take America back for the people or close down the US-FED, (Vatican controlled private banking system), look what happens,, taken out of office one way or the other!... The way I see it is that the governing system is so gnostic, so secret and limited to so few people that most of the world has no idea how the (Trust Law) system works and they, the people in power, owners of the governing corporations, are going to keep it that way. It might be why a ONE WORLD GOVERNMENT is needed in order to contain the knowledge of this administration system into an even smaller handful of people. Like anything, once you know how its done or once you know how the magician did his trick, it all seems so simple, however, sometimes, if you do know how it works, millions of people will never believe it. One of the main things to try and work out is the difference between a citizen standing and a civilian standing, if you're holding the citizen birthing certificate, maybe you should try and find out what constitutes a civilian standing and if there is a certificate for the civilian, If you do become a civilian, then the US military controlled by the British Admiralty, may be a foreign occupation! and you then may have the rights of a non belligerent occupied person. Check the rules in relation to foreign occupation. Like Australia, it appears that Australia is a foreign occupation military occupation but most people "believe" that this country is Australia, its not and the government interpretations act even states it in black and white. In relation to the US, I think from memory, New York and the islands around it, were the original British Admiralty lands, or islands, meaning, that area may be the only geographical land known as the UNITED STATES ! and the rest of America is the real America. New York is not America! so when an American becomes a US Citizen, has he been taken from the real geographical America, rendering him to be subject to the old Cesti Que (Vie) Trust Act of 1666? rendering his estate to remain with the British Admiralty until he returns? but while the American

believes that the UNITED STATES is the real geographical America, he will never return and the British Admiralty will get to claim his true equitable title over his real birth right: America, through the Cesti Que (Vie) trust act of 1666… In trust law, the trustee holds the legal right to claim an estate if no will or testament has been made! meaning, if you die as a US Citizen, before returning to the real American civilian standing, did the US British Admiralty of Rome, just claim your birthright to your real America, along with the mineral and energy wealth that goes along with such a birthright? … Is this how the large international oil barons took the oil from the Americans without paying for it? They legally dumped every American on an off shore island called UNITED STATES??? … That's why they make you a US Citizen at birth so by the time you reach the age of majority, (21) you have no idea that you were meant to be an American Civilian and not a foreign British Admiralty islands US CITIZEN… God help them if people ever get their heads around this deceit that has been perpetuated against the good people of this world. Once you comprehend the principle of how it works, it may be a big step in correcting your standing and also hold your own against their magistrates of deception. Comprehending the concept is where the power over these robbers lies, I feel…

Communism

Minute 8:10

WHAT-IS-COMMUNISM

[redacted]

WHAT-IS-COMMUNISM

[redacted]

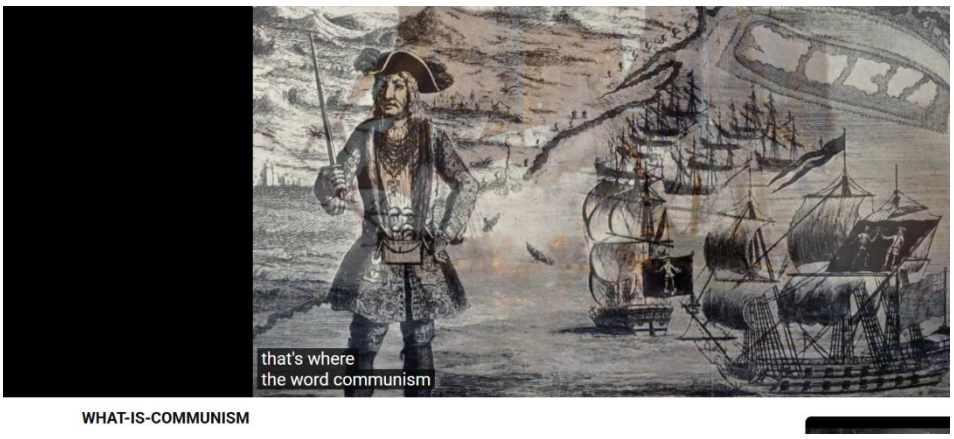
Communism is the ruling system which is within those international corporations.

WHAT-IS-COMMUNISM

[redacted]

They are still bound by this thing called admiralty law.

Those international corporations are communes.



That's where the word 'communism' is coming from.

WHAT-IS-COMMUNISM

[redacted]

It's the governing of those international corporations.

WHAT-IS-COMMUNISM

[redacted]

WHAT-IS-COMMUNISM

[redacted]

WHAT-IS-COMMUNISM [redacted]

WHAT-IS-COMMUNISM [redacted]

WHAT-IS-COMMUNISM [redacted]

WHAT-IS-COMMUNISM [redacted]

And you'll notice that all of these communists, these first four communists, these first four internationals, they all operate under military rule.

WHAT-IS-COMMUNISM

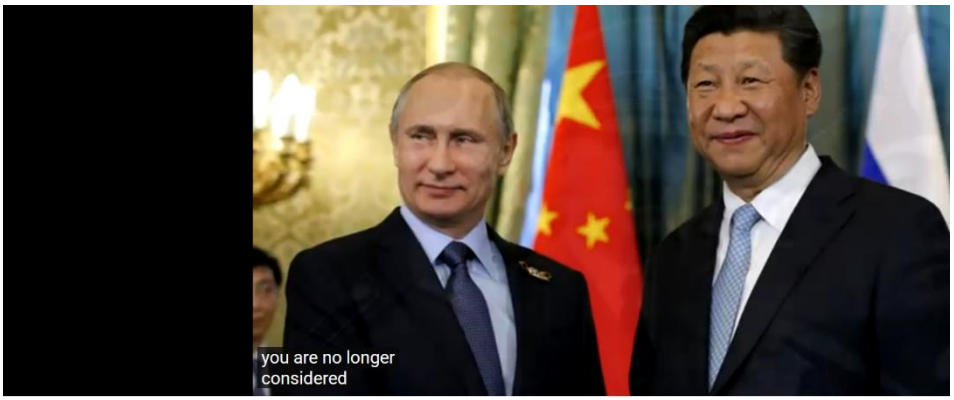
WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

You'll see the atrocities caused by ~~Hitler~~* and Stalin and Pol Pot, Mao Zedong… all of these incredible brutal dictators were the heads, they were the magistrates of a private international corporation.

---

*Stewart lumps together Stalin, Pol Pot, Mao Zedong and Hitler but this is a big mistake and shows how deep the lies run. Lenin and Stalin slaughtered the Russians; Pol Pot slaughtered the Cambodians; Mao Zedong slaughtered the Chinese IN ORDER TO IMPOSE COMMUNISM! Adolf Hitler did *not* slaughter the Germans! He did not slaughter the Jews either! He fought *against* the COMMUNISTS who were Jewish for the most part since communism is a JEWISH invention! The vast majority of the Bolsheviks were Jewish! This has been hidden from us! How? Behind the 'Six Million'! Hitler's Germany was fighting in self-defense as communism, pushed by the Jews and their minions, was taking over the desperate populace (severe depression also caused by the Jewish bankers!) and the Soviet Union wanted to invade the whole of Europe, starting with Germany itself, and the same horrid fate that had befallen Russia awaited Germany! We must review all of our history of the Second World War because we've been served up the Jewish version – the Jews declared and *won* the war, Roosevelt and Churchill were minions of the Jews, if not Jews themselves according to some sources – of events. We most simply were outrageously lied to. Hitler *saved* us!



WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

And when you become a citizen of an international corporation, you are no longer considered human because a citizen of a corporation legally is considered a creature which is an animal. A creature is an animal in the Webster's dictionary.

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

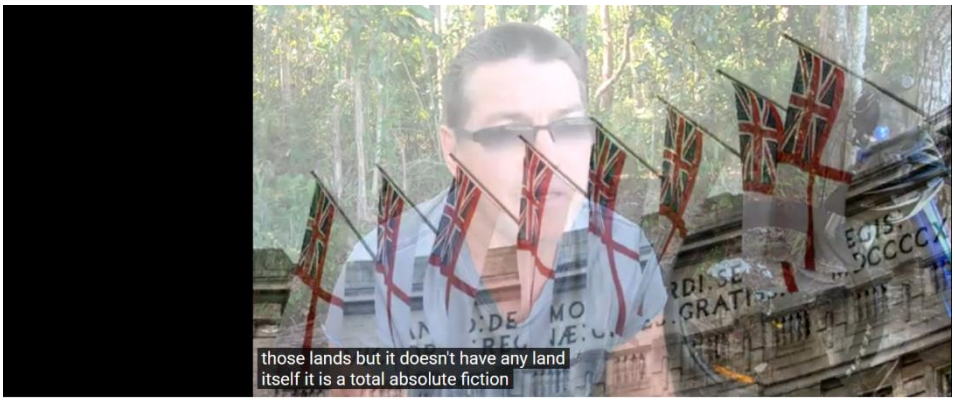
WHAT-IS-COMMUNISM

So those citizens of an international corporation such as the Commonwealth of Australia that is registered to the United States Securities and Exchange Commission which is a company of the United Nations and United Nations is an international, it has no land.

WHAT-IS-COMMUNISM

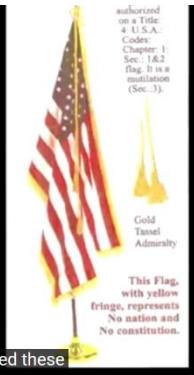
WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM



WHAT-IS-COMMUNISM

It depends on all of the corporations that have joined it to accept or to take the equitable title of those lands but it doesn't have any land itself. It is a TOTAL ABSOLUTE FICTION.



and those people that have joined these
international companies

WHAT-IS-COMMUNISM

these corporations and subjected
themselves to this admiralty

WHAT-IS-COMMUNISM

themselves to this admiralty
communist law

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

And those people that have joined these international companies, these corporations and subjected themselves to this admiralty communist law governed by these dictators and military pirates because they don't have any land, you have done that (joined these international companies) on your own ignorance of the knowledge of what these three laws are.

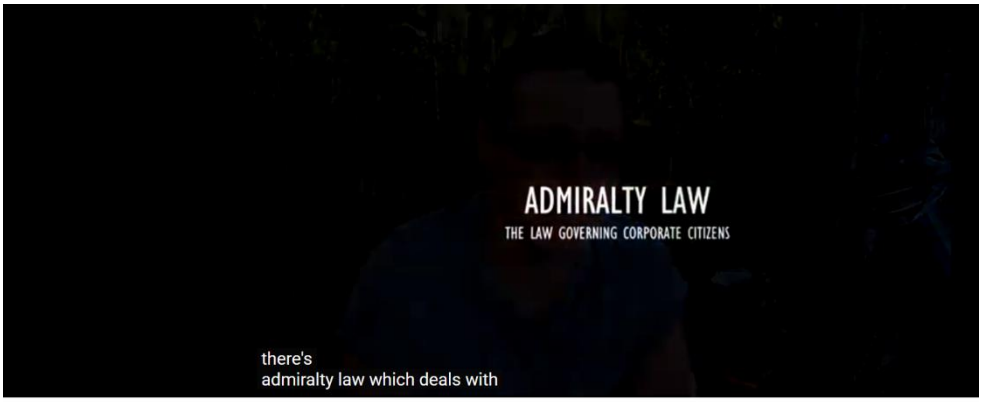
WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

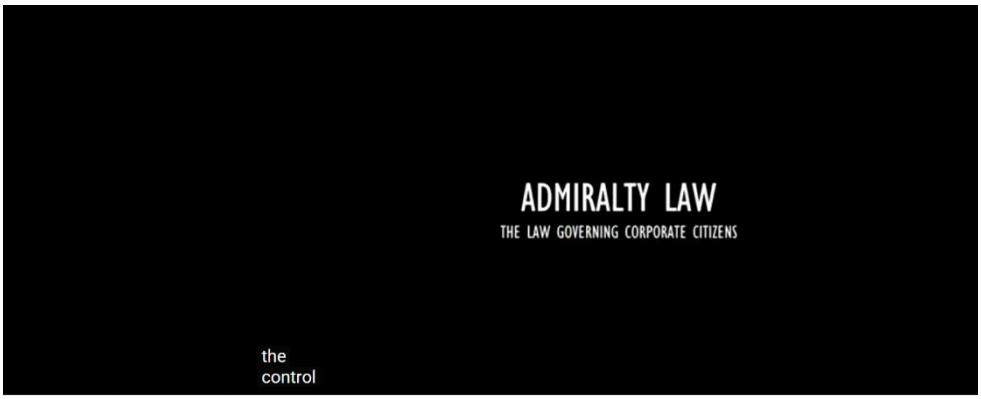
WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM



WHAT-IS-COMMUNISM



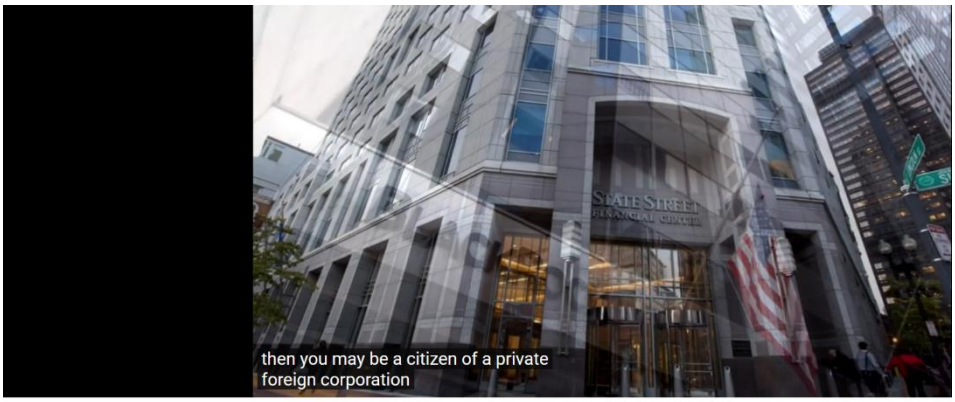
WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

Law of the land, common law that relates to men on a sovereign piece of land. The maritime law that relates to the inter-reaction of ships on the sea and of course, then there's admiralty law which deals with the control of the crew members on ships and also the citizens of corporations.

WHAT-IS-COMMUNISM



WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

If you don't understand these simple principles of law, then you may be a citizen of a private foreign corporation trying to claim some sort of sovereignty or some sort of common law right and you are basically going to make a fool of yourself to the heads of these large international pirate corporations such as the United Nations (UNITED-CORPORATIONS).

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

So the real way out of this is that you must somehow start to consider the surrendering of your citizenship, your crewman side, your crewmanship in these corporations and you've got to come back to – if you're on an international ship – into a passenger side standing.

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

And that's why I've been harping on about these two birthing certificates.

WHAT-IS-COMMUNISM

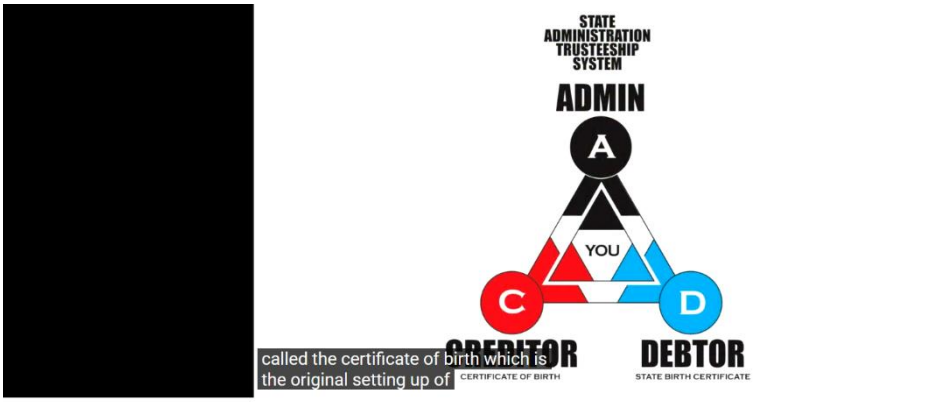
WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

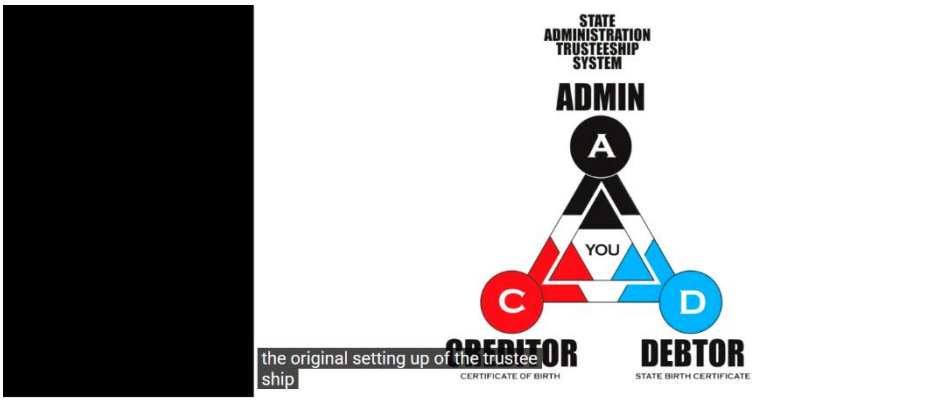
One is the state birth certificate which is what you've already, that you've all or mostly got that allows you to be a citizen on their ship.

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

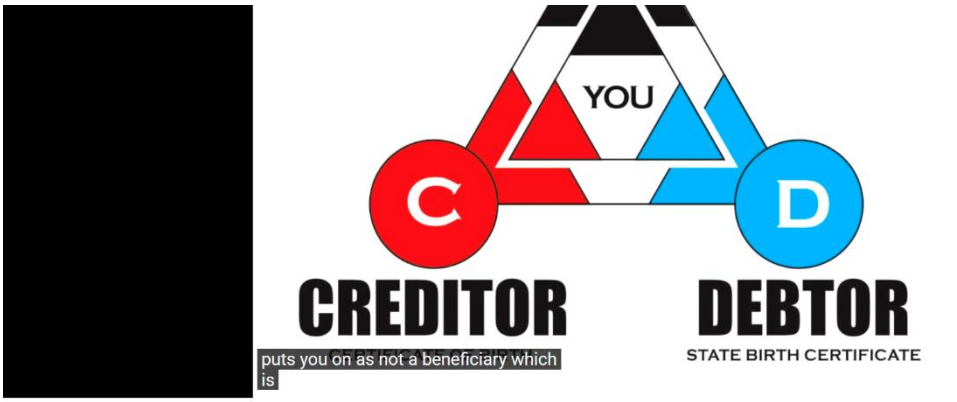


WHAT-IS-COMMUNISM



WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM



WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

But the other certificate is the thing called the certificate of birth which is the original setting up of the trusteeSHIP ! And that one puts you on... it's not as a beneficiary which is a serving, as a benefit, a benefiting servant from that corporation but as a benefactor of that trusteeship. The benefactor is like the passenger.

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

He may take no benefit but he holds directive power over that trusteeship. He directs the captain of his ship. The ship directs the crew. The crew are the trustees of the captain. The captain is the trustee of the benefactor or the passenger of that ship.

WHAT-IS-COMMUNISM

And these two birthing certificates identify where you stand on a ship.

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

When you're incorporated into a ship, the word 'incorporated' means you and the ship are together. If you separated at sea, you would drown.

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

And what they've done is they've taken your Christian name and your surname, so-called surname and when you are asked for your name and date of birth, you will say : 'My name is John Henry Doe' which is an incorporation of the Christian name and the surname.

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

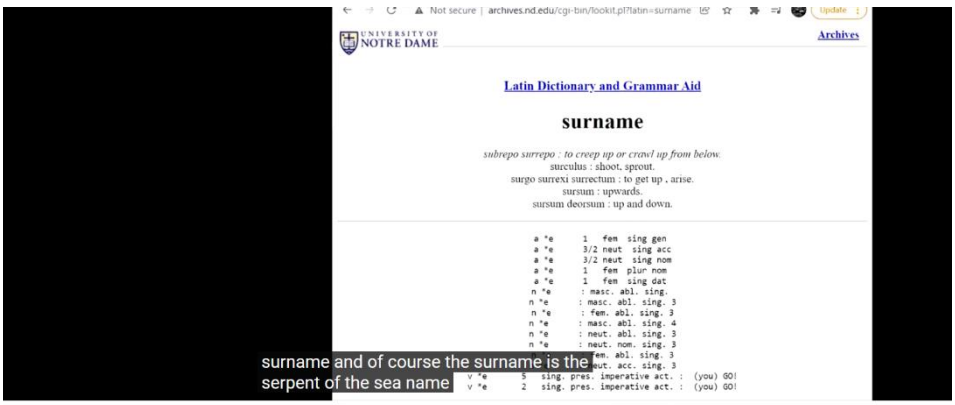
WHAT-IS-COMMUNISM

The moment you have identified you as an incorporation, you will come under the international commercial law of shipping.

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

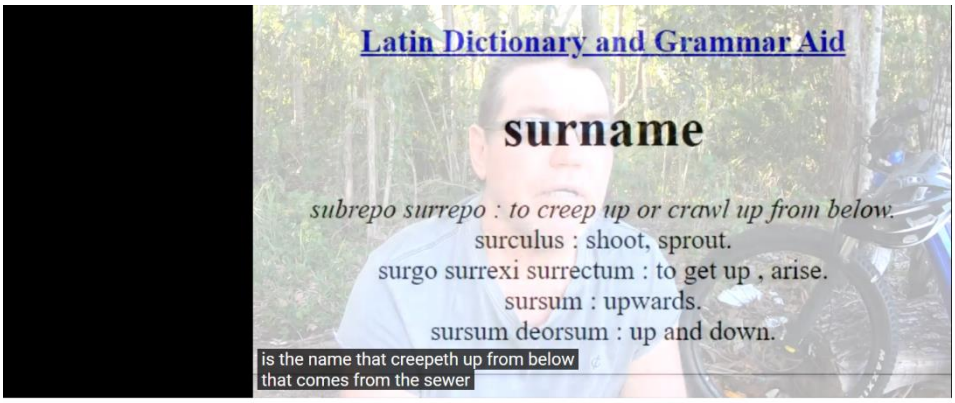


WHAT-IS-COMMUNISM

And then when they ask you for your date of birth, rather than giving the date of birth of your Christian name, you will give the date of birth of the surname and of course, the surname is the serpent of the sea name.

Minute 14:19

Satanism



WHAT-IS-COMMUNISM [redacted]

The surname is the name that creepeth up from below that comes from the sewer.

WHAT-IS-COMMUNISM [redacted]

WHAT-IS-COMMUNISM [redacted]

WHAT-IS-COMMUNISM [redacted]

WHAT-IS-COMMUNISM [redacted]

WHAT-IS-COMMUNISM [redacted]

Any corporation that operates on land is connected to the sea via the sewer which is the man-made channels that flow the water from land to the sea. That's its connection.

WHAT-IS-COMMUNISM [redacted]

The symbols of Satan is always the goat.

WHAT-IS-COMMUNISM [redacted]

WHAT-IS-COMMUNISM [redacted]

And of course, the goat, g.o.a.t. in the legal dictionary means the sewer.

WHAT-IS-COMMUNISM

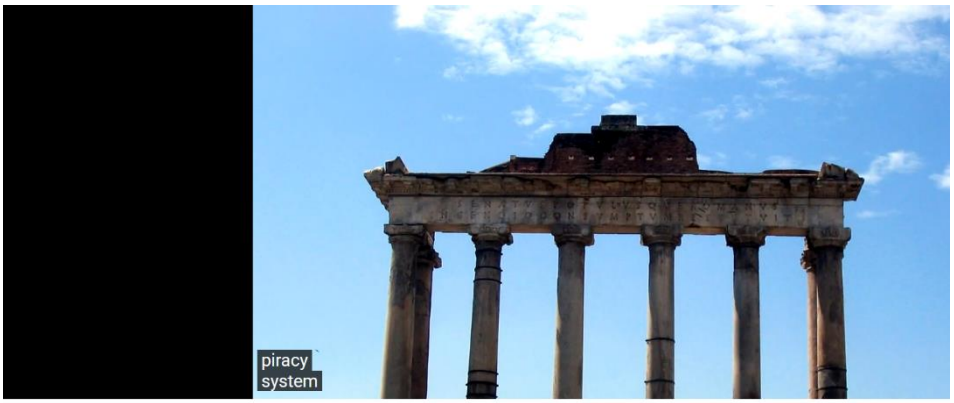
[redacted]

WHAT-IS-COMMUNISM

[redacted]

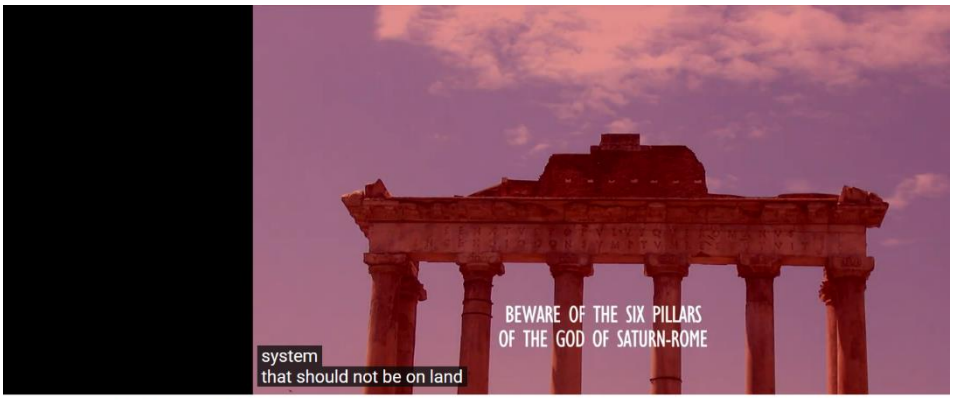
WHAT-IS-COMMUNISM

[redacted]



WHAT-IS-COMMUNISM

[redacted]



WHAT-IS-COMMUNISM [redacted]

WHAT-IS-COMMUNISM [redacted]

So all this Satanic ritual stuff is for them to be able to conjure up this piracy system that should not be on land but is.

WHAT-IS-COMMUNISM [redacted]

If you can get back or if you can stand on your own two feet without having to accept a benefit from these corporate foreign international corporate states, if you can stand without being dependent on them or if you can exist without the benefit, then you have a greater chance of stepping back into the benefactor side of this trust.

WHAT-IS-COMMUNISM [redacted]

WHAT-IS-COMMUNISM [redacted]

WHAT-IS-COMMUNISM [redacted]

The way I see it is that maybe that is the only real saving grace that you have because while you are a crew member on these ships, you are absolutely under them at the mercy of the captains of these ships.

WHAT-IS-COMMUNISM [redacted]

WHAT-IS-COMMUNISM

[redacted]

WHAT-IS-COMMUNISM

[redacted]

And of course, corporations only operate on profit and if you interfere their profit margins whether it be legal or illegal, you will pay the price.

These things can affect or can greatly damage your life if you remain as a crew member on these untrustworthy corporate ships in the sea of commerce.

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

WHAT-IS-COMMUNISM

So that's what communism is. It's actually admiralty law. It is the people that serve corporations which is a corporation, a community, a commune.

And those people that willingly enter into that become subject to the military dictatorship of communism.

And we all know the history of communism is not very good when it comes to the lives of people because those people have become citizens, have lost their standing as people. They've become the dead entity, the dead corporation, the trustee of a dead corporation.

It's all there in front of us but we just have to start looking and you've got to start thinking and using your brain a little bit more.

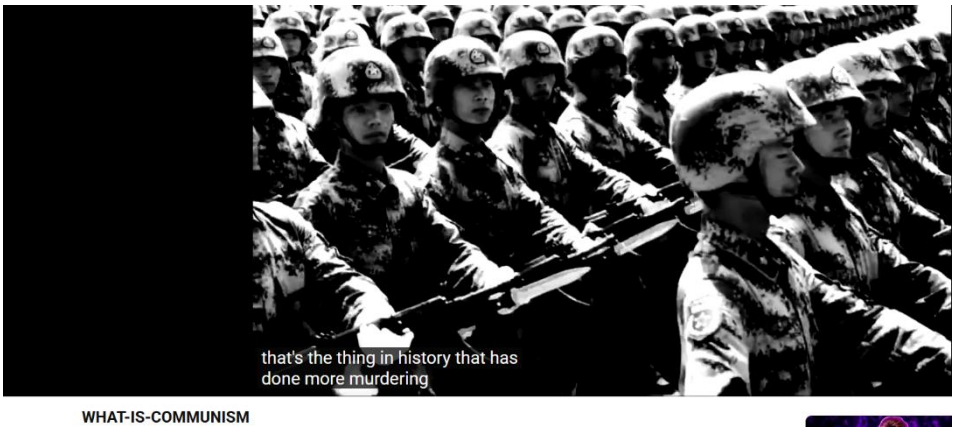
The most dangerous thing to man, his family and his business, his enterprise is government.



That's the thing in history that has done more murdering and more destroying of people than anything else in the history of this planet.

Be careful of the Nephilim who are the giants, who are the large international corporations of this planet. If you don't know how to control them, they can be a very dangerous entity.
